Thursday, 12th October 2023

Yacht Club de Monaco

FORUM SCHEDULE:

12:30pm: Registration & lunch

Yacht Club de Monaco Ballroom

1:30pm: Tanker Market Outlook

Is the tanker rally sustainable, and what should owners be doing with their profits? Have we reached peak dark fleet, and if so what are the ramifications for ship valuations? What happens when the war in Ukraine ends? Why are tankers so slow in adopting alternative fuels?

Moderator: Katharina Stanzel, MD, INTERTANKO

Panelists: Svein Moxnes Harfeld, CEO, DHT Holdings
Mikael Skov, CEO, Hafnia
Modi Mano, CEO, M Sea Capital
Emanuele Lauro, CEO, Scorpio Group

2:20pm: Managing Future Ships

What do owners want from those they select to manage their ships? How is this changing? Are managers now required to be alternative fuel experts? Are they also advisers on digitalisation?

Moderator: Sam Chambers, Editor, Splash

Panelists: Bjorn Hojgaard, CEO, Anglo-Eastern Univan Group
Mark O'Neil, President and CEO, Columbia Shipmanagement
Finn Amund Norbye, CEO, OSM Thome
René Kofod-Olsen, CEO, V.Group
John-Kaare Aune, CEO, Wallem Group

3:10pm: Coffee break

3:40pm: Money and Ships

The ultimate quick-fire ship finance and investment panel of the year. One hour in which delegates will get a unique grasp of where and how to access capital. The timing of IPOs, the public versus private debate, what fleets make the most attractive investment case – all will be up for debate as owners and financiers take to the stage.

Moderator: Holly Basile, Executive, Moore Stephens and President, WISTA Monaco

Panelists: Burak Cetinok, Head of Research, Arrow Shipbroking
Dagfinn Lunde, Partner, DagMar Navigation and Chairman, eShipfinance.com
Alan Hatton, CEO, Foreguard Shipping
Marco Fiori, CEO, Premuda

4:30pm: Dry Bulk Market Outlook

What can we expect from China – the import volumes remain surprisingly solid despite the myriad economic horror headlines? Where else can dry bulk look to for growth? What does the panel make of the smorgasbord of alternate propulsion choices being put in front of them – from wind to ammonia, what do they see as promising?

Moderator: Tim Huxley, CEO, Mandarin Shipping

Panelists: John Michael Radziwill, CEO and Chairman, CTM
Cesare d'Amico, CEO, d'Amico Società di Navigazione
Milena Pappas, Commercial Director, Star Bulk and Head, Oceanbulk Maritime
